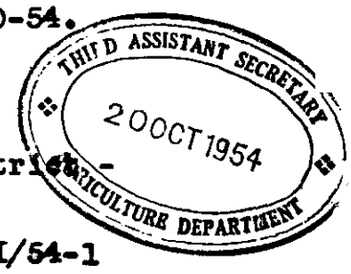
Letter No.D.S.21212-F.2/54 dated 16-10-54.



Sir,

Sub:- Food Position in South Kanara District - Statistical Data - Furnished.

Ref:- Government Memorandum No.36328-A.I/54-1 dated 4th October 1954.

...

I submit to Government the following statements showing the statistical information in respect of South Kanara District for the year 1952-53, the latest ~~for~~ year for which data are available at present.

Statement (i-a): Statistics of area and production of foodgrains comprising cereals and pulses are given.

Statement (i-b): Statistics of imports and exports of foodgrains by sea during 1952-53 at several sea ports of South Kanara District are given. These include also the movements into and from the other districts of the Madras State. Statistics of movements by ~~x~~ rail are not available.

Statement (ii): The area under culturable waste may be taken as area uncultivated but which can be brought under the plough. The ~~figures of~~ area under "culturable waste" in 1952-53 was 212,585 acres in the South Kanara District.

Statement (iii): Figures of production of bananas, mangoes and cashewnuts are given. These are only rough estimates. Besides the above crops, the extent under unspecified other fresh fruits and other dry fruits was reported as 3,460 acres and 758 acres in the South Kanara District in 1952-53. Estimates of production of these fruits are not available.

Yours faithfully,

19.10.54

for Director of Statistics.
